Mr. Roger Allen McCullery:

To let you know that I am pleased and very satisfied with the roofing work done on my house.

Not only the roofing, but also the extra work I asked if you would do. The excellent carpentry put forth on the over-hang, the corners of the gutters, and the new roof louvers which will help the attic circulation.

Needless to say all the men know what they were doing and did very well. Toni helped in many different ways.

Rick gave me a good

understanding of what roof entails and I appreciate that.

Thanks to all, and your Company as a whole which head.

Enclosed is a check for \$171.00 which I owe.

yours truly,

Elinore R. Oprinski
